### **APGA Technical Event - Rendezvous Hotel Melbourne, 22 June 2017**

The Institution of Gas Engineers (many of our members are member of IGE) have reinvigorated itself as a committee of APGA.

It covers people involved in networks including engineers, managers, industrial appliance gas-fitters.

This is the inaugural seminar of the new APGA IGE Committee with the theme, Gas Distribution: Challenges, Innovation and Compliance.

The seminar will provide insights into developments in AS/NZ Standards 3814, 4645 and 5601 and will also canvass initiatives on current projects.
