Vale - Mark Brabham

It has just been brought GAMAA's attention that Mark Brabham Manager of Australian Combustion Services died on the 7th April after an accident resulting in serious head injuries on 8th March. Mark had a long and successful history with the gas industry and on behalf of GAMAA we pass on our condolences to his family, colleagues and close friends.

Gas Speak 2016

The Australian Gas Industry Trust (AGIT) will be conducting the Gas Speak Colloquium for 2016 at The National Portrait Gallery, Canberra from Monday 29 August to Wednesday 31 August 2016.

The event continues the tradition of successful Gas Speak events held since 1982. This is an extremely well regarded educational event and gas businesses are encouraged to nominate young up-and-coming staff members to apply.

Gas Speak's objective is:

"To encourage an awareness and knowledge of the gas industry in Australia by Delegates providing a forum for young people to present papers, chair sessions, conduct syndicate discussions and develop the art of self-expression and communication."

There are 30 delegate places available for applicants aged 40 years or under; older applicants are welcome to apply. Applicants will be drawn from all areas of the natural gas industry. There is equal opportunity for applicants from exploration/production, transmission, distribution, retail and appliance sectors.

GAMAA requests all its members to consider nominating one of their staff to participate in this year's event. This unique experience should be seen as investing in our next generation of gas industry leaders.
