

New members

We would like to welcome two new members to the GAMAA family.

Regency Fireplace Products Australia Pty Ltd who trade as Regency Fireplace Products.

Their contact details are:

Matthew McLean - Managing Director

Brett Murray - National Sales Manager

Phone: 03 9799 7277

Address: 1-3 Conquest Way Hallam

About Regency: Founded by Robert Little just outside of Vancouver, Canada in 1979, Regency Fireplace Products has proven to be a world leader in the design, manufacture and marketing of hearth products. What started with Robert designing and making wood stoves in a garage, soon grew to a sophisticated manufacturing and marketing organization of more than 300 employees; supplying over 2000 retailers across North America, Europe, Japan, China, Australia and New Zealand.

Illusion Australia Pty Ltd who trade as Illusion Gas Log Fires.

Their contact details are:

Christopher Gannell - Director

Nicholas Smith - General Manager

Phone: 03 9793 7520

Address: 145 South Gippsland Hwy Dandenong South

About Illusion: Illusion Australia has passionately served the people of Australia for over 25 years from our 9 retail stores and now also online. We are Australia's largest manufacturer of gas heaters and wood heaters. Our long-term goals are to continue to proudly manufacture exquisite, quality Australian Made gas heaters, to warm people's hearts and their homes.

Web site: www.illusionfires.com.au

We look forward to welcoming representatives from both Regency and Illusion at our next GAMAA Technical Committee meeting which will be held on Thursday 28 March.

Standards Committee AG 006 Gas Installation Committee

GAMAA has been informed by standards Australia that there is a vacancy on this key Standards committee. If anyone would like to nominate or understand more about this Committee, please contact Ross Jamieson at rjamieson@sitgas.com.au

Standards out for Public Comment

AS 1357.1 Valves primarily for use in heated water systems, Part 1: Protection valves, comments close 13th February

AS 4632 Over-pressure and under-pressure shut-off devices, comments close 13th March. The Standard is using a pilot commenting process and can be found at <https://comment.standards.org.au/Home/Details/90> where you will be required to register.

Australian Standards Published

AS/NZS 5263.1.10 Gas appliances, Part 1.10: Gas direct fired air heaters

Open Flued Gas Space Heaters

Energy Safe Victoria has raised Safety Alerts on four open flued gas log space heaters. Access the ESV link [here](#)

National plan promise supports hydrogen as fuel of the future

ENA Media Release 22 January 2019

Energy Networks Australia has welcomed a commitment by the Federal Opposition to establish a national hydrogen plan. Hydrogen has enormous potential as a new Australian export industry, but also offers the prospect of zero emission energy and storage. Read more [here](#)
